Use a wad manager to install the one you want WiiFlow forwarders use the title ID 'DWFA' and use Fix94's v14b dol inside.. It is not required to return from Wii and WiiWare/VC That is done by the cIOS Use WiiFlow Channel Installer v1.. All forwarders use IOS58 and disable AHBProt Graphics and animations credit goes to the original authors Spayrosam, Mastershoes, JJ-Kwik, Jiiwah and Benjay.. They are only available for Wii WIIU USERS - These forwarders won't install/run properly on vWii.. It can also uninstall them for you If you are not happy with the banner animation of the forwarder installed you can download the appropriate pack below to install the one you like with a wad manager like wiimod lite or YAWM_EN. 0041d406d9 [25pp Download For Mac](#)
